

# Data Sheet 102 (DS 102)

## Average Daily Traffic Volumes

### What are we monitoring?

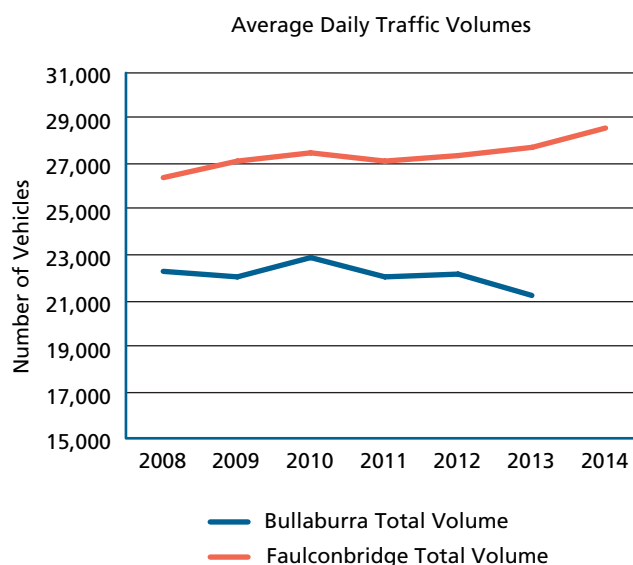

Daily traffic volumes on the Great Western Highway at Bullaburra and Faulconbridge.

### What is the trend?

Traffic volumes have been stable at Bullaburra but have risen slightly at Faulconbridge.

### Why is monitoring this trend important?

The volume of traffic travelling into and across the Blue Mountains Local Government Area (LGA) influences the traffic management plans put in place by the Council and by the Roads and Maritime Service.

Average Daily Traffic Volumes

Station 99043 - Bullaburra							
Year	2008	2009	2010	2011	2012	2013	2014
Westbound	10,996	10,918	12,055	11,027	11,006	10,552	N/A
Eastbound	22,304	22,039	22,899	22,056	22,141	21,240	N/A
Total	22,304	22,039	22,899	22,056	22,141	21,240	N/A
Station 99914 - Faulconbridge							
Year	2008	2009	2010	2011	2012	2013	2014
Westbound	13,170	13,533	13,758	13,586	13,658	13,853	14,272
Eastbound	13,167	13,537	13,731	13,572	13,675	13,830	14,277
Total	26,337	27,070	27,489	27,158	27,333	27,683	28,549
