

Data Sheet 144 (DS 144)

Environmental Partnership Projects with Aboriginal Communities

What are we monitoring?

The number of hours invested by Council as part of Aboriginal community partnership environmental projects.

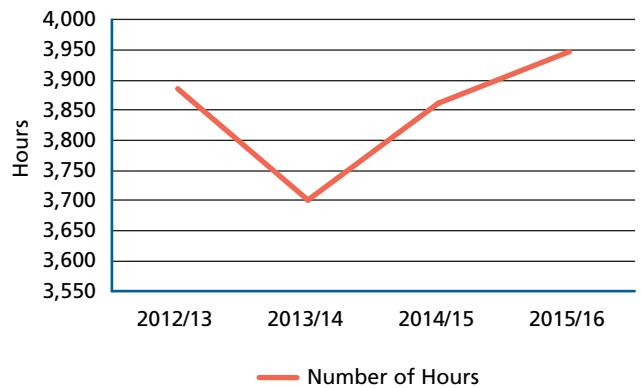

What is the trend?

The total number of hours Council contributes to environmental partnership projects with the Aboriginal community each year is increasing.

Why is monitoring this trend important?

Council support for partnership projects with the Aboriginal community is an important element in supporting the community and caring for Country.

Environmental partnership projects with Aboriginal communities - hours invested by Council
