

Data Sheet 16 (DS 016)

Environmental Grant Funding

What are we monitoring?

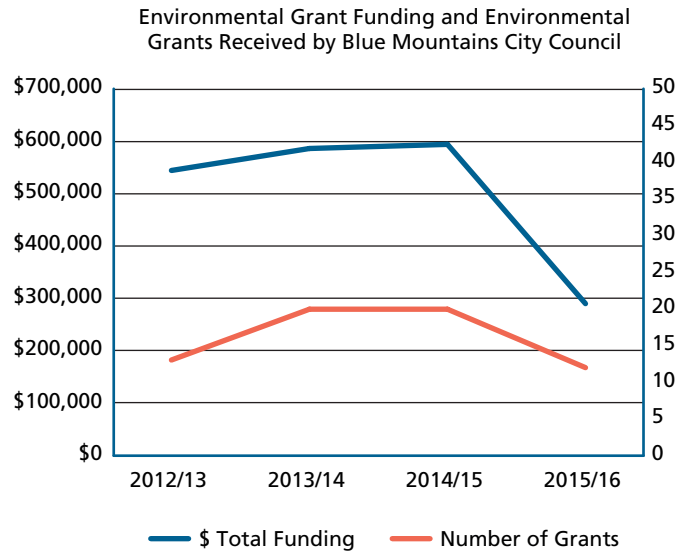

The amount of grant funding received by Blue Mountains City Council (BMCC) for environmental projects.

What is the trend?

The amount of environmental grant funding has decreased by just under \$300,000 from 2014–2015 and 2015–2016. This may reflect a change in available programs offering grant funding for environmental projects.

Why is monitoring this trend important?

Grant funding is an important source of funding for Council environmental programs and projects.
